Expert Advice

As expert and trusted builders we can give you the best industry advice and help ease the pain of one of the hardest decisions you will need to make.

For my budget should I:

- Build a new home?
- Build an extension on my current home?
- Renovate my current home?
- Or move house?

Outstanding Feedback

We have had outstanding feedback from customers who have had their home renovated or extended by Capital Building.

It's because we are trusted, are great at what we do and the staff and contractors we use love designing and building homes.

Great Looking Designs

The renovations and extensions we build add both financial and living value to your home, and they include important features such as; energy efficiency and great looking designs.
